TENTS & CANOPIES

Frame Tents

We are able to set these tents up in almost any setting. MPR personnel construct the "framework" for the canopy on the ground; we then fit the canopy over the framework and then lift the entire structure onto the legs. This provides you with an open span from one end of the tent to the other with no obstructions.

Sidewalls are available for most of our tents.

Lighting with dimmer switches can be installed at the time of installation on all of our tents to ensure that you are able to carry the festivities into the night.

Tent prices include installation and sidewalls. Prices may increase according to location of installation. Prices based on grass installation.

You may want to consider a solid wall behind the head table for better pictures and decorating. The rest can be cathedral walls to let in light and allow your guests to have the true feeling of an outdoor party.

All About Renting

Common questions concerning rental procedures:

Q: When should I make my reservation?

A: Early planning ensures product availability. We require a deposit to confirm a reservation. The deposit is your assurance that the items requested are available on the day you request.

Q: What about changes in my order?

A: Additions to an order are welcome subject to availability. If an order is cancelled at least 7 days prior to the scheduled date, the entire deposit will be refunded. The exception is tent rentals. If a tent is cancelled at any time, the entire 50% deposit will be forfeited.

Q: How and when do I pay?

A: Payment is due before items are released to a customer. We accept Visa, MasterCard, Debit and Cash. **No personal cheques please.**

Q: Is there a charge for delivery/pickup?

A: Delivery/pickup are available for a nominal fee based on location. Please call our office to arrange for delivery/pickup.

Delivery is available for all orders; please contact our office for delivery fees. Special containers are provided for your China, Silver, Glassware, etc. to ensure that you receive your items sterilized, undamaged, and table ready. Our delivery personnel are instructed to neatly stack all items in a mutually convenient place at ground level. Any other arrangements must be made in advance, with a special charge quoted if applicable.

For sanitation purposes, we would appreciate the dishes being either scraped or rinsed before they are returned. Please re-pack in the same containers as delivered. All items should be re-stacked, tables and chairs folded and ready for pick-up.

Responsibility for equipment remains with the lessee from time of delivery to time of return. Please be sure equipment is secured when not in use and protected from the weather, this includes the containers the equipment is packed in. We do charge for missing or broken items.
